Drive their success

Give your team AT&T phones and apps, and watch them excel.

SPOTLIGHT ON SOLUTIONS

Power up with Microsoft Office 365 from AT&T

Just like the Office tools you're used to, Microsoft® Office 365 from AT&T uses the cloud to make the full suite of Microsoft applications available to you anytime, practically anywhere, on nearly any device. Microsoft Office 365 works with most mobile device platforms, including Android™, BlackBerry®, iOS®, and Windows®. For more information, visit att.com/office365.

Top reasons to choose this solution:

- 24/7 U.S.-based support
- Reduce the need to buy and manage servers for mobile applications
- Choose from two business plans to find the one that suits your needs
- Enjoy reliable email, contacts, and calendars on the go from nearly any device, anywhere

Blazing new trails is easier with the right apps

Target the right audience

An affordable all-in-one solution, **AT&T Messaging Toolkit™** lets you send targeted marketing messages via text message, email, and social marketing. att.com/messagingtoolkit

Make your landline text-savvy

Send and receive text messages from toll-free and landline numbers with **AT&T Landline Texting**. Reach customers, make appointments, confirm reservations, and more. att.com/landline-texting

Get phone calls to follow you

Make sure customers can reach your team wherever they are with **RingCentral Office@Hand** from AT&T, a cloud-based business phone system. att.com/officeathand

*Plus required wireless service charges. Requires 30-month 0% APR installment agmt. & qual. credit. See p. 13 for Important Information.

**Battery must be substantially depleted; charging rate slows as charging progresses. World's fastest charging smartphone based on average smartphone charging rate (mA). Tests compared other premium smartphones with standard USB charging using their in-box rapid charging solution. Testing as of May 2016.

THE INTERNET OF THINGS

Keep track of shipments nearly anywhere with the IoT

Thanks to smart, connected devices and the Internet of Things (IoT), AT&T transportation and equipment solutions can give you the visibility you need to operate more efficiently.

AT&T Equipment & Machinery Solutions

From harvesters to tower cranes, the IoT can help you monitor and control any mixed fleet of equipment in a single view. By collecting and surveying

vital equipment data, you can optimize performance and develop new efficiencies.

Fleet Management

Use up-to-date information to cut fuel costs, help avoid noncompliance problems, and help reduce overtime, all while operating more efficiently.

AT&T Asset Management for Shipping Containers

Get key information about your assets in transport—from ship to shore and all the way to delivery—by monitoring the location and other vital signs of your containers.

Read more about the AT&T network and the Internet of Things at att.com/iot.

SPOTLIGHT ON SOLUTIONS

Help your fleet keep compliant

Combine AT&T Fleet Complete[®] Hours of Service with AT&T Enhanced Push-to-Talk, AT&T Mobile Forms, and more for a complete and affordable fleet management solution that helps your drivers meet federal regulations. Learn more at att.com/HOS.

Streamline employee management

AT&T Workforce Manager helps you keep your eyes on your business in near real time—access important data quickly, track resources, and more with a single cost-effective, cloud-based app that now integrates with AT&T Enhanced Push-to-Talk.²

att.com/workforcemanager

Improve fleet management

AT&T Fleet Complete[®] provides greater insight into vehicle and asset activity in the field and the ability to:

- Track and manage your vehicles and assets in near real time with the ability to make on-demand decisions
- Integrate with AT&T Enhanced Push-to-Talk²

att.com/fleetcomplete

Collect data in the field

Collect inspection forms, work and sales orders, signatures, photos, time sheets, and more on your mobile device with **AT&T Mobile Forms™**.

att.com/mobileforms

Communicate efficiently

Keep your team responsive and informed in near real time with the push of a button using **AT&T Enhanced Push-to-Talk²**. Includes many features that let you manage groups and conversations.

att.com/eptt

*Plus required wireless service charges. Requires 30-month 0% APR installment agmt & qual. credit. See p. 13 for Important Information.

**This device passed military specification (MIL-STD-810G) testing against a subset of 21 specific environmental conditions, including temperature, dust, shock/vibration, and low pressure/high altitude. Device may not perform as shown in all extreme conditions. See user manual.

***Average expected performance based on typical use. Actual battery life depends on factors such as network, features selected, frequency of calls, and voice, data and other application-usage patterns. Results may vary.

¹Meets US MIL-STD810G to withstand dust, thermal and transport shock, vibration, temperature extremes, solar radiation, salt fog, and humidity. Certified waterproof for IPX5, protection against water jets and IPX8, protection against water immersion in up to 6.5 feet (1.8 meters) for 30 minutes. Phone will not operate underwater and should be dried as quickly as possible when wet. To verify that your phone is waterproof, make sure the charger/data port, audio jack, and card slot covers are properly seated, with no foreign objects obstructing the seals. Shock-resistant when dropped from approximately 4 feet onto flat surface. Device may not perform as shown in all extreme conditions.

²AT&T Enhanced Push-to-Talk service requires \$30 EPTT Rate Plan or \$5 EPTT Feature Bolt-on with eligible voice plan. EPTT service requires use of a compatible AT&T wireless device and acceptance of the End User License Agreement. Use of the service on smartphone devices requires download/installation of the EPTT software. User interface may vary by device. Some features may not be available on all devices. EPTT is designed to work over an AT&T cellular wireless data network connection and Wi-Fi requires a compatible network. Wireless data coverage is not available in all areas. EPTT is not compatible with International Roaming. Users may remain logged into the EPTT system if they roam out of coverage area. EPTT performance may be limited in 2G coverage areas. Availability, security, speed, timeliness, accuracy, and reliability of service are not guaranteed by AT&T. Additional hardware, software, subscription, and/or special network connections may be required. Rate plan brochure(s) and data coverage map(s) can be found online.

⁴Certified IP68, full dust and waterproof protection. Can be immersed for up to 30 minutes at a depth of 6.5 feet (2 meters). Military Standard 810G protection against shock, vibration, temperature extremes, blowing rain, low pressure/high altitudes, solar radiation, salt fog, humidity, water immersion, temperature shock, and icing/freezing rain.

⁵Certified for IP68; protection against dust and water immersion for up to 30 minutes in up to 6.5 feet (2 meters) of water. Only device cameras are intended to operate underwater using Underwater Mode. Avoid using your phone in saltwater. It is highly corrosive and can damage internal components and degrade audio performance over time. Always rinse phone in fresh water immediately after using it underwater. Water in the phone's open microphone and speaker ports may affect outbound audio quality and speaker performance. These are temporary conditions and will subside once the phone is dry. Before immersing your phone in water, make sure all ports and covers are properly seated, with no foreign objects obstructing the seals, to maintain the waterproof capability. Phone should never be used underwater with broken/missing/open SIM/microSD port-cover. Refer to User Guide about how to dry your phone and using the phone's Underwater Mode. Dry your phone with a clean cloth before charging.

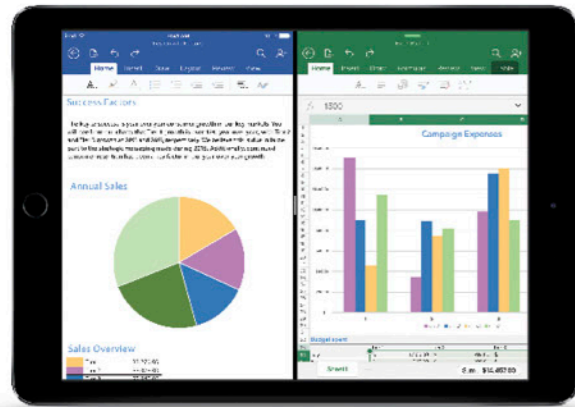

⁶Non-incendive, Class I, Division 2, Group A-D, T4. Certified for use in hazardous locations where certain gases, vapors, and liquids are not normally present in an explosive concentration (but may accidentally exist). Warning: Do not charge, use USB/audio jack or open the battery door in Class 1, Division 2 hazardous areas. For additional warnings see http://www.kyoceramobile.com/duraxe/DuraXE-Safety-Warranty-ATT_en.pdf.

⁷Recognizes touch input while wearing gloves up to 3mm thick. The material, texture, and thickness of the glove as well as how it fits your hand will impact performance. Individual results may vary.

⁸One-time activation fee may apply.

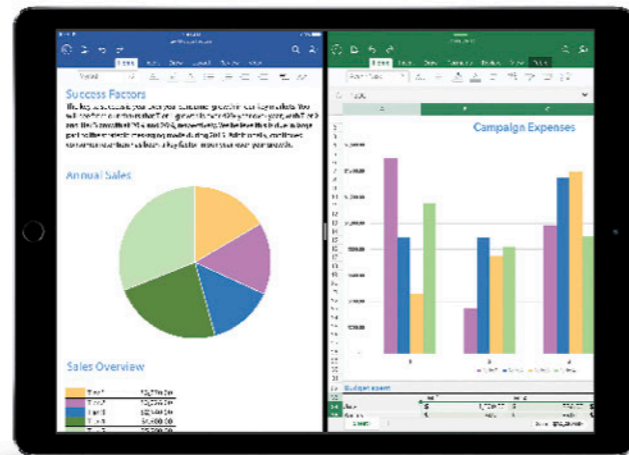

iPad Pro. The ultimate way to work today.

iPad Pro is the best computer for the way we do business today. Powered by the A9X chip, it has the power of a PC. And with its gorgeous Retina display in a thin and light design, it can go where most computers can't. And with advanced multitasking features, iOS 10, and thousands of productivity apps, iPad Pro can transform your business in ways you never thought possible.

9.7-inch iPad Pro

- 9.7-inch Retina display with anti-reflective coating (diagonal)

- Touch ID fingerprint sensor
- 12MP iSight camera with 4K video
- 5MP FaceTime HD camera
- 802.11ac Wi-Fi with MIMO
- LTE cellular data connectivity²
- Up to 10 hours of battery life¹
- Four speaker audio

12.9-inch iPad Pro

- 12.9-inch Retina display with anti-reflective coating (diagonal)
- A9X third-generation chip with 64-bit desktop class architecture
- Touch ID fingerprint sensor
- 8MP iSight camera with 1080p video
- 1.2MP FaceTime HD camera
- 802.11ac Wi-Fi with MIMO
- LTE cellular data connectivity²
- Up to 10 hours of battery life¹
- Four speaker audio

iPhone 8. A new generation of iPhone for business.

Powerful. Intuitive. Secure. iPhone 8 is built for today's mobile business world. Featuring A11 Bionic—the most powerful and smartest chip ever in a smartphone—an all-glass design, Retina HD display, advanced cameras, wireless charging, and the enhanced productivity tools of iOS 11.¹

iPhone 8

- 4.7-inch Retina HD display with True Tone³
- All-glass and aluminum design, water and dust resistant²
- 12MP camera with OIS and 4K video up to 60 fps
- 7MP FaceTime HD camera with Retina Flash for stunning selfies⁵
- Touch ID for secure authentication and Apple Pay
- A11 Bionic, the most powerful and smartest chip in a smartphone
- Wireless charging—works with Qi chargers⁴

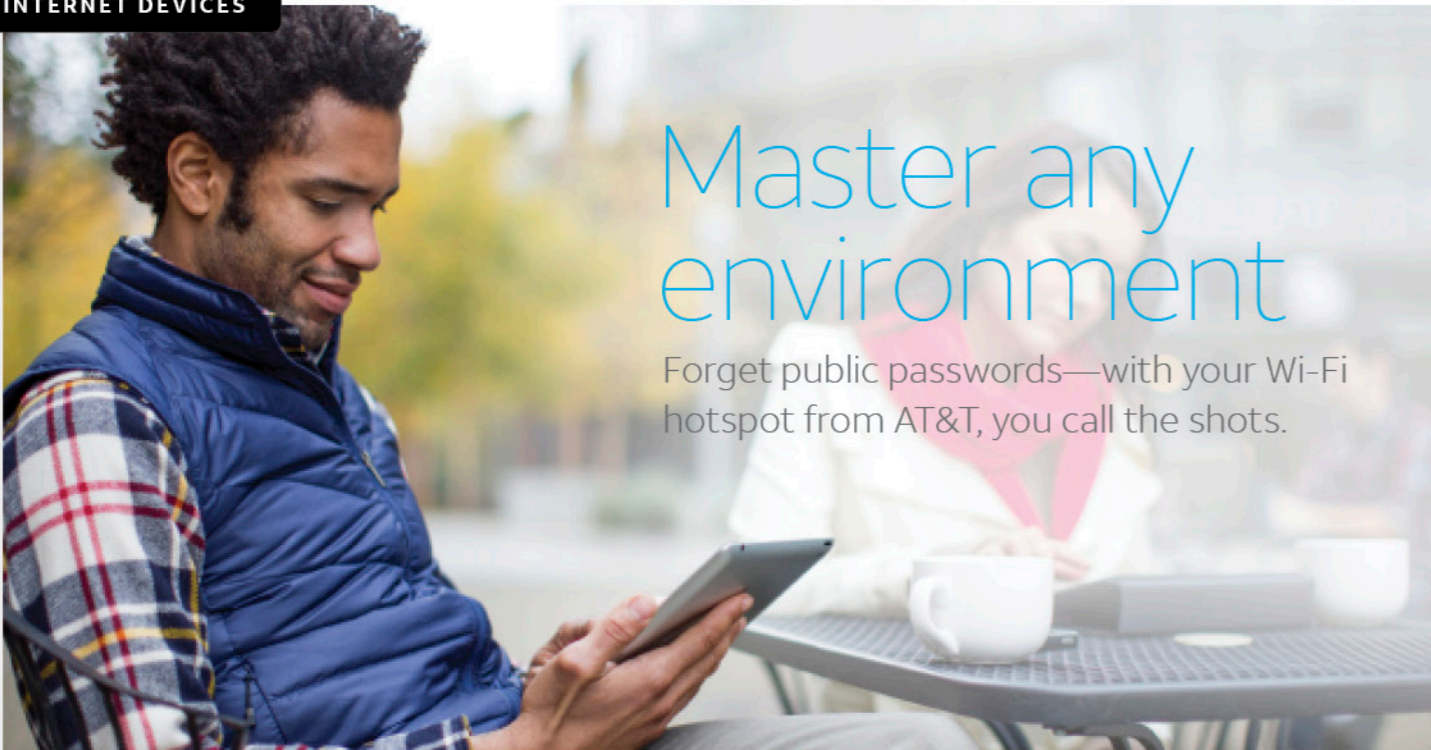

iPhone 8 Plus

- 5.5-inch Retina HD display with True Tone³
- All-glass and aluminum design, water and dust resistant²
- 12MP dual cameras with OIS, Portrait mode, Portrait Lighting, and 4K video up to 60 fps⁴
- 7MP FaceTime HD camera with Retina Flash for stunning selfies⁵
- Touch ID for secure authentication and Apple Pay
- A11 Bionic, the most powerful and smartest chip in a smartphone
- Wireless charging—works with Qi chargers⁴

¹Battery life varies by use and configuration. See www.apple.com/batteries for more information. ²Data plan required. LTE Advanced and LTE are available in select markets and through select carriers. Speeds are based on theoretical throughput and vary based on site conditions and carrier. For details on LTE support, contact your carrier and see www.apple.com/ipad/LTE.

³Charging mat sold separately.
⁴iPhone 8 and iPhone 8 Plus are splash, water, and dust resistant and were tested under controlled laboratory conditions with a rating of IP67 under IEC standard 60529. Splash, water, and dust resistance are not permanent conditions and resistance might decrease as a result of normal wear. Do not attempt to charge a wet iPhone; refer to the user guide for cleaning and drying instructions. Liquid damage not covered under warranty.
⁵Display size is measured diagonally.
⁶Portrait Lighting available in beta.
⁷FaceTime calling requires a FaceTime-enabled device for the caller and recipient and a Wi-Fi connection. Availability over a cellular network depends on carrier policies; data charges may apply.

Master any environment

Forget public passwords—with your Wi-Fi hotspot from AT&T, you call the shots.

Additional terms and restrictions apply. See right for details.

Return. Recycle. Reward.

The AT&T Trade-in Program lets your company:

- Return old devices and receive credit to pay your bill or to purchase accessories/devices
- Highly secure removal of all personal and sensitive data from devices
- Receive consideration for eligible devices, regardless of manufacturer or wireless provider

Learn more at att.com/tradein.

See right for additional details.

Important Information

Limited-Time Offers: Offers mentioned herein are available to business customers who sign an AT&T Mobile Business Agreement with a minimum two-year term (“Business Agreement”) and their respective Corporate Responsibility Users (CRUs) and Signature Program participants (formerly, Individual Responsibility Users (IRUs)). Business Agreement may require a minimum number of employees and/or annual revenue commitment. Restrictions apply. Offers may be interrupted, changed, or discontinued without notice. See the applicable Business Agreement and your AT&T Representative for further details.

Device Pricing (without AT&T Next® or Tablet Installment): Smartphones require a new two-year agreement/service commitment with qualifying plan(s) including voice and data. Tablets may require a new two-year agreement/service commitment with qualifying data plan. Equipment price may vary by market and location except as otherwise provided in the applicable Business Agreement.

AT&T Next®—\$0 Down: For smartphones only. Divides retail price into monthly installments. Req’s AT&T Next or AT&T Next Every Year installment agmt. **Tax due at sale.** Down payment option avail. & may be req’d. Service: elig. postpaid svc (voice & data) is req’d & extra. If svc is cancelled, remaining installment agmt balance is due. **Activ./Upgrade Fee:** \$25/line. No upgrade fee for line w/smartphone purchased on an installment agmt prior to 8/1/15. Waiver of fee subject to change.

Tablet Installment: Requires 20-month 0% APR installment agreement & qualifying credit. Sales tax due at sale. Qualified wireless data plan (min \$14.99/mo.) req’d. Qualifying tablets only. Purch. limit & limit on total no. of financed devices per account applies. Select locations only. If you cancel wireless service, remaining device balance is due. Other restr’s apply & may result in svc termination. Visit a participating store to learn more.

AT&T World Connect: Domestic postpaid wireless voice plan required. For Mobile Share Advantage® plans, minimum monthly charge is \$45. For postpaid wireless voice plans with capped domestic minutes, International long distance (ILD) calls count against the monthly allotment of domestic voice minutes under your rate plan. If you exceed your plan’s monthly voice minute allowance, overage charges (up to \$0.45/minute) will apply. Includes calls from the U.S., Puerto Rico, or the U.S. Virgin Islands to countries listed at att.com/worldconnect. Rates subject to change. Rates vary by country and may vary by type of number called. Service is provided for live dialog between people only, and for individual, non-commercial use only. Not for resale. You may not use your voice service for purposes other than as intended by AT&T, including, but not limited to: monitoring services, transmissions of broadcasts or recorded materials, telemarketing, fraud, autodialed calls, call forwarding (except as otherwise may be permitted under Wireless Customer Agreement), or other similar connections. If AT&T determines your voice service use violates the applicable terms or policies, AT&T may at its sole discretion modify your service, charge you pay-per-use rates, or terminate your service. Calls to wireless numbers or special services, such as Premium Rated Services, may cost more. Other restrictions apply. For details, see att.com/worldconnect.

Early Termination Fee/Cancellation Fee (att.com/equipmentETF): After 30 days for CRU lines (14 days for Signature Program customers), ETF up to \$325. ETF applies to equipment purchased with a service commitment.

Restocking Fee: Up to \$45 may apply.

Other Monthly Charges/Line: May include applicable taxes and federal and state universal service charges, Regulatory Cost Recovery Charge (up to \$1.25), gross receipts surcharge, Administrative Fee & other government assessments (including without limitation a Property Tax Allotment surcharge of \$0.20–\$0.45 applied per CRU’s assigned number), which are not taxes or government-required charges. Pricing subject to change.

AT&T Exclusively Business: Customers who have signed an AT&T Mobile Business Agreement will be enrolled in the AT&T Exclusively Business program automatically. Program and associated benefits are subject to change or discontinuation at any time without notice. Additional restrictions apply. See att.com/ExclusivelyBusiness for details.

Signature Program: Avail. to qual. employees & other auth. indivs. assoc. w/elig. companies & other sponsoring organizations w/a qual. Business Agreement. Must provide valid employee badge/paysstub or other approved proof of eligibility & subscribe to svc under a consumer account for which the qual. indiv. is personally liable. Discounts are subj. to Business Agreement & may be interrupted, changed or discontinued w/out notice. Discount may vary monthly. Applies only to recurring mo. svc charge of qual. voice & data plans (unless otherwise provided in Business Agreement), not overages. Min. mo. svc charge, add’l AT&T svcs, or other elig. req’s may apply. Not avail. w/AT&T Unlimited Plus™, AT&T Unlimited Choice™, and unlim. voice plans. For all Mobile Share plans, applies only to the mo. plan charge of plans with more than 300MB, not to add’l mo. device access charges. Add’l restr’s apply. May take up to 2 bill cycles after elig. confirmed & will not apply to prior charges. Applied after application of any avail. credit. May not be combined w/other svc discounts.

Trade-in: Before trade-in, delete all personal & sensitive info from device’s memory & SIM card. Online and select locations only. For qual. wireless devices only. Value based on device, make, model & condition. Limit: 5 qual. wireless devices per 12 mo. period. Credit/Promotion Card: In AT&T-owned retail stores, you will receive an instant credit. At att.com, you will receive a Private Label AT&T Promotion Card (“Card”) issued by MetaBank™ or CenterState Bank of Florida NA, via a license from Visa U.S.A. Inc. Instant credit & Card may only be used for AT&T products & svc in AT&T owned retail stores, at att.com, or to pay wireless bill. Not redeemable for cash or for withdrawal at cash-dispensing locations. Card expiration date not less than 90 days from receipt. Dealers: Participating dealers provide savings for use at time of trade-in or a dealer promo card. Dealer cards contain add’l terms & conditions & may only be used at specified dealer. Other Obligations: Trade-in does not relieve obligations under AT&T Next® or other AT&T Return and Exchange programs including recently-purchased device returns, Warranty, or Extended Warranty. Devices to be returned through these AT&T programs should not be sent to the Buyback program. Certain conditions & restrictions apply. Visit a participating store or <https://buyback.att.com/> to learn more.

Miscellaneous: Availability, security, speed, timeliness, and uninterrupted use of service are not guaranteed. Compatible device and additional hardware, software, services, and/or network connection may be required depending on selected solution. Potential benefits may vary by customer and with selected solution. Pricing subject to change. Offers may be modified or discontinued at any time without notice. Other conditions apply to all offers. See an AT&T representative to learn more. Subsidiaries and affiliates of AT&T Inc. provide products and services under the AT&T brand. Third-party applications may be governed by End User License Agreements or terms of use. Mobile Point of Sale solutions require a merchant services agreement and additional equipment. All other marks used herein are the property of their respective owners. Certain offers may not be available for purchase in all sales channels or in all areas, and may not be accessible at all times. Service is not available for resale. Availability, security, speed, privacy, delivery, timeliness, and uninterrupted use of service and/or information are not guaranteed. Devices are sold separately and cost extra. Other restrictions apply which could result in service termination. Please see your AT&T Account Representative for further details. Subsidiaries and affiliates of AT&T Inc. provide products and services under the AT&T brand. ©2017 AT&T Intellectual Property. All rights reserved. AT&T, Globe logo, and other marks are trademarks of AT&T Intellectual Property. Android is a trademark of Google Inc. Use of this trademark is subject to Google Permissions (www.google.com/permissions). GEN. WIRELESS SVC: Subj. to Business Agreement (for business customers’ CRU lines of service) or Wireless Customer Agreement (for Signature Program customers). Svcs not for resale. Deposit may be req’d. Credit approval, other fees (including activ./upgrade fee of up to \$45/line), monthly, overage, other charges, usage, other restr’s per line apply. **Pricing & terms subject to change & may be modified or terminated at any time without notice.** Coverage & svc not avail. everywhere. You get an off-net (roaming) usage allowance for each svc. If you exceed the allowance, your svc(s) may be restricted or terminated. Other restr’s apply & may result in svc termination.

*The estimated maximum standby and use time may vary depending on your current usage patterns, settings, and other factors and conditions.

**Meets US MIL-STD-810G for shock-resistance. Certified IP65 for protection against dust and water jets. Device will not operate underwater and should be dried as quickly as possible when wet. Shock-resistant when dropped from ≤ 4 ft onto flat surface. Device may not perform as shown in all extreme conditions.

***Requires a new two-year agreement/service commitment with qualifying plan(s) (voice and data) except as otherwise provided in the applicable Business Agreement and a minimum \$50/mo. DataPro Plan. DataPro is not unlimited, and overage charges of \$10 per each GB provided will be incurred if included monthly data allowance is exceeded. Subscriber must live and have a mailing address within the AT&T-owned wireless network coverage area. Performance may vary depending on the number of devices connected and other factors. If you do not use a password, others will be able to use your Mobile Hotspot connection. Data rates apply. Additional charges and restrictions apply. See p. 13 for details.

¹Taxes are extra. One-year minimum term; early termination fees may apply. Purchase and use of AT&T Tech Support 360™ and AT&T Tech Support 360™ Backup and Go constitute acceptance of the terms of service posted on the AT&T Tech Support 360 Web site located at <https://tech360.att.com/ATT/termsofservice.asp>. We may change those terms of service at any time. By continuing to use the service after any such change, you agree to be bound by such changes. Each subscription of Tech Support 360 includes phone and remote technical support for one (1) computer, one (1) tablet, and one (1) smartphone; however, it is not a hardware warranty or repair service and results and response times are not guaranteed; minimum system requirements apply. Backup and Go enables the user to back up computer files (from a single computer excluding external storage devices) onto the Backup and Go servers; although highly secure, the security and availability of the user’s data is not guaranteed, and restoration completion time is subject to available bandwidth and amount of data.

Mobile security with enterprise-wide coverage

Reduce the risk, cost, and complexity of managing your mobile infrastructure with **IBM® MaaS360®**, a scalable and highly secure managed mobility solution.

- Provide highly secure end-to-end mobile access across devices, apps, content, and users
- Combine mobile management with IT tools to build and deploy mobile apps at scale
- Helps enforce compliance with enterprise IT policies and regulations

For more information, visit att.com/ibmmaas360.

Mobile security with cloud-based management

MobileIron® provides highly secure connectivity for applications, content, and devices while giving users device choice, privacy, and a native user experience.

- Available as a cloud-based service or an on-premises platform
- IT can define policies to help protect data in near real time, both on the device and as it moves between devices and various systems

For more information, visit att.com/mobileiron.

Simplify your Mobile Enterprise with VMware® AirWatch®

Get a fully integrated, scalable solution that separates personal resources from business resources on employee devices with **VMware® AirWatch®**.

- Maximize productivity with automatic upgrades and same-day support for the latest operating systems
- Control your mobile inventories and help safeguard your organization while extending the parameters of your workforce
- Flexible delivery of the same solutions and scaling capabilities across cloud and on-premises deployments

For more information, visit att.com/vmware.

AT&T Work Platform: A data application platform that helps manage mobile costs

Keep company and personal bills separate so employees can more easily use their own devices. You'll simplify billing and enhance control over expenses.
